

“Rocket” 1983 O’Day 39

The O’Day 39 very accommodating for large groups with a layout boasting 3 private double staterooms, two long settees in the main salon plus two pilot berths (small berths good for kids) above the settees in the main salon. Classic interior with plenty of teak and many hatches and portlights and good headroom create a more open and airy feel. The galley has ample storage with a refrigerator and a large separate icebox, a double stainless sink and a propane stove with oven. A full head with shower is located forward with split access from either the forward cabin or the main salon. The aft head is located in the starboard stateroom.

Rocket is a boat that is designed to sail well. Her 6’4” keel will point high and her new sails ensure great performance. Long cockpit seats allow plenty of space when underway or for sleeping under the stars. A two-blade prop reduces drag and a high aspect rudder makes her handle well in all conditions. Most lines are led aft for easy sail handling, wide weather decks are great for moving about when underway and her well designed anchor locker is always appreciated.

Teak interior, 3-cabin / 2-head layout with...
