

“Dark Horse” 2016 Marlow Hunter 31

The Marlow-Hunter 31 – features an enormous interior volume, huge cockpit, and stylish exterior built on a beam that rivals 34’ boats. “Dark Horse” has a flag blue hull, bimini, dodger, furling mainsail, air conditioning, autopilot, drop-down transom and many great options on deck. Inside you’ll find a two-cabin, one head/shower layout, the forward cabin is the largest in her class and the galley boasts a separate fridge and freezer – a feature not found on boats her size.

Marlow-Hunters are an entirely different boat than early generation Hunters. High-quality gel coat, extensive use of Kevlar reinforcement throughout the hull, and nida-core hull and deck are some of the examples of the vastly improved construction. Rugged yet elegant, check out this MH31 today.

2-cabin, 1-head Layout Cherry Interior, Flag Blue Hull
